The G250 Retractable Awning is the perfect solution for roof mount installations.

The G250 Retractable Awning is the elegant way to provide shade on demand, reducing cooling costs while protecting your family from harmful UV rays. NuImage Awnings combine superior quality engineering and state of the art technology. All frame components have an electrostatic powder coated durable finish to prevent chipping and cracking. You can depend on NuImage Awnings when only the best will do.

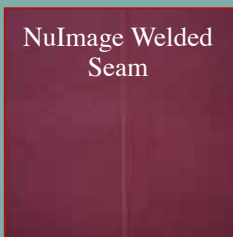

Choose from a wide selection of motors and controls to make your awning completely automated.

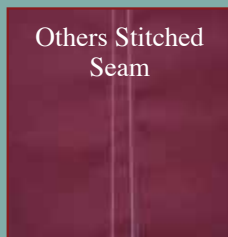

The partially enclosed hood is drawn down at the back to cover the roll of the fabric making this awning perfect for roof mount applications.

NuImage Welded Seam

Others Stitched Seam

* Awnings over 23' will have a split roller and fabric
