

MADERA COMMERCIAL

Alutex Awning Systems. Everything else... is just shade.

Because of Madera Commercial extra heavy-duty features its arms are designed to provide above standard inertia and its elbows are supplied with stainless steel tension chains able to respond to a spring load of up to 600lb. All its hardware is stainless steel as well, and the all frame is protected by an Alutex 10 year warranty.

Madera Commercial's standard arm projections are 10', 12', 13', and 14' and its frames are available in white, brown or cream powder coated finish standard colors and can be manually or electrically controlled.
